CHERRY LIPS

The fruity nickname is a reference to the lip shape this filler technique creates. In the past, Angelina Jolie's lips were the most requested look in Seoul (just as they were in the U.S.), says Kang Jong Bum, a dermatologist at JY Plastic Surgery & Dermatology in Seoul. But as of 2019, Koreans prefer the more targeted plumping that many K-pop stars are known for. Instead of giving lips an all-over glossiness, dermatologists administer hyaluronic acid filler (like Juvederm or Restylane, or domestic options like Noramnis) to the middle of the upper and lower lips, lifting the Cupid's bow. The double-stemmed cheeks, the stems form the edges of your smile, last for at least six months and cost about \$150 to \$250.

NOSE LIFT

My Korean is like the word for brag was

LIFTED FILLER

After the center of the lips is plumped, the same filler is often administered to the outer corners, a technique called "lifting." The name suggests it raises the edges of a soft smile. As we age, the skin around our mouth loses elasticity, and the outer corners of the mouth unintentionally turn down, creating a frown line.

BOOSTER SHOTS

"These days, it's not a problem," says Kang. He says

@DAJJRAMBO

But you can call her: Dasia Janae. **First TikTok:** Prismatic eye shadow trimmed in fluffy lashes, like watching the aurora borealis through night-drenched treetops. **Last TikTok, as of this writing:** A similarly involved eye look, using sunset colors and sequins. **Lots of eye shadow looks, it seems?** Where some people have eyelids, Janae has acres of space to play between her lash lines and eyebrows. Luckily for us, she is not afraid to use it. **Most famous follower:** "Fenty Beauty... I'm still in awe!" **What does the future of beauty look like?** "Hopefully, more people who look like me."

A dense, layered collage of various items. At the top, a pink 'INSPECTION' tag with a floral design and 'ALOHA HILO, HAWAII' is visible. Below it, several Hawaiian Airlines tickets are pasted, including one from San Francisco to Honolulu (HA 11) and another from Hilo to Honolulu (HA 201). A receipt for 'TRADER JOE'S' is prominently displayed in the center, showing a list of items like 'VAN RICE BEVERAGE' and 'DUNKERS CHOC CHIP COATED BARS'. To the right of the receipt is a receipt for 'OUTRIGGER KONA RESORT AND SPA' dated May 15, 2022. Below the Trader Joe's receipt is a circular logo for 'BIG ISLAND BEES' and a map of the 'HAWAII VOLCANOES NATIONAL PARK' showing trails like the 'Ka'u Desert Trail' and 'Ka'aha Trail'. At the bottom, there are three small photographs of tropical flowers: Hibiscus, Heliconia (Hanging), and Heliconia (Upright). The collage is set against a background of a tropical landscape with mountains and a body of water.
